

AFFORDABLE ENTRY-LEVEL TRAINING

Getting into the fire-safety industry is less complex and less costly than you may think because our fire-safety brands offer a variety of online and hands-on training courses to help you get started.

Fire-Lite Training Academy:

Fire-Lite Systems Course:

Fire-Lite's Training Academy offers an introduction to the basic principles of fire protection systems and Fire-Lite products. This 2-day course on Fire-Lite's addressable fire alarm control panels (FACPs) is for individuals with relatively little experience in installing addressable fire alarm systems. The course covers the features, functions and capabilities of Fire-Lite addressable FACPs, field charger power supplies, optional components and SWIFT® Wireless. The course includes a hands-on exercise in basic keypad programming. There is no charge for this course.

Fire-Lite Software & Voice Applications Course:

This 1-day training course offers instruction on the usage of Fire-Lite's FS-Tools upload / download programming software and an overview of Fire-Lite's ECC-50/100 Emergency Command Center voice evacuation systems. Attendees will gain practical experience in panel programming by completing a hands-on exercise in a classroom atmosphere using FS-Tools. This course costs \$300 and includes all training materials and lunch.

Silent Knight Tech-Ed Knight School:

Silent Knight's Tech-Ed Knight School offers a comprehensive approach to learning about the fire industry and Silent Knight products. This 3-day technical hands-on class is designed for technicians who install and maintain Silent Knight addressable fire alarm control panels (FACPs) focusing on these models: 6700, 6808, 6820, and 6820EVS. This course will introduce technicians to system installation, SLC devices, emergency voice systems (EVS), programming and troubleshooting using the HFSS Software. Hands-on exercises will solidify the learning experience.

All attendees who complete this course will earn 20 hours towards NICET Continuing Professional Development (CPD) credit. Upon finishing the class, participants will receive a proof of course completion. This course costs \$300 and includes all training materials and lunch each day.
