

TRADE UP TO **WEBs-N4** **ENTERPRISE SECURITY ON** **WEB 8000**

Introducing a new limited-time program for moving up to the most current version of WEBs-N4 Enterprise Security software on a new WEB 8000. The 2019 WEBs-N4 Enterprise Trade-Up Program is your opportunity to replace legacy Security WEBs with the most advanced and cyber-secure Niagara bundle. This is the combination your customers need to seamlessly integrate cutting-edge access control, identity, video surveillance, intrusion, and visitor management systems with other building automation services such as lighting, HVAC, and energy management.

WEBs-N4 ENTERPRISE SECURITY TRADE-UP PROGRAM
From today through November 30, 2019, any customer with a security WEB or JACE running an active security software license can trade it in for a bundle that includes:

- WEB-8000
- NC-8xxx
- SSMA-8xxx-1YR-INIT
- SEC-J8-32 – Included as a license transfer
- SEC-R2R

DISCOUNTS

- Security software licensing on WEB 8000 with 32 readers at no additional charge
- 20% discount on hardware/software

DETAILS

- No minimum quantity per order
- Use promo code ACCESS when submitting orders
- Unbundled Security WEB hardware can qualify as long as customers can provide hostID/serial number of WEB in their stock
- Licenses for Axis, Milestone, and Maxpro video drivers will be transferred to the new bundle. Obsolete video drivers are not transferrable.

If you have any questions, please contact your Honeywell Sales Representative. The program ends June 30, 2020.

ELIGIBILITY, TERMS, & CONDITIONS

- Applies to all brands of AX Security WEB 200 through AX Security WEB 600.
- Trade-ins of a Niagara-AX Security system that is not Honeywell are accepted and will be traded up to Honeywell WEBs products.
- Program ends June 30, 2020.
- The deactivated AX Security WEB must be removed from service within 6 months. Should such a disabled WEB be discovered installed after December 30, 2020, the OEM will be invoiced for the discount and a license change fee.
